

## SAN MATEO TAKEN

American Loss Was 8 Killed and 13 Wounded, Including a Lieutenant of the 21st.

### STRONG RESISTANCE ENCOUNTERED.

Enemy Were Entrenched in the Hills and Fired on Our Troops From Excellent Positions.

The Filipinos Were Routed After Forty Minutes Fighting—Twenty-Three of the Enemy Are Known to Have Been Killed—Colored Troops.

MANILA, Aug. 14.—A reconnaissance Saturday by troops of Gen. Samuel M. M. Young's brigade with the object of discovering the whereabouts of the enemy near San Mateo, northeast of the San Juan river, about 10 miles from Manila, resulted in the occupation of San Mateo.

The American loss was three killed and 13 wounded, including a lieutenant of the 21st infantry.

The Americans approached San Mateo in three columns. Maj. Cronin, with 15 men of the 25th infantry, advanced from Navalville, five miles from San Mateo, by the river.

The Americans approached San Mateo in three columns. Maj. Cronin, with 15 men of the 25th infantry, advanced from Navalville, five miles from San Mateo, by the river. Maj. Cronin experienced many difficulties arising from the condition of the country and failed to effect a junction with Capt. Rivers west of San Mateo, as had been planned.

Capt. Rivers advancing, took an outpost of the enemy two miles south-west of San Mateo. He then encountered strong resistance among the hills, the enemy firing from excellent positions. Having failed to connect with Maj. Cronin, and seeing that his town was already occupied by the Americans, Capt. Rivers withdrew, covering his withdrawal by a heavy volley. He lost a sergeant killed.

Capt. Parker, on advancing, found the enemy strongly entrenched on the far side of some rice fields, about a mile wide and covered with deep mud. Pushing forward rapidly, he routed the Filipinos after 10 minutes' fighting, and then continued the march upon San Mateo, which he entered without serious resistance about half-past one in the afternoon.

Maj. Cronin entered the town about half-past four. The Americans still occupy the place. Our men were exhausted by the heavy marching.

Twenty-three of the enemy are known to have been killed. This is the first action in which Col. Barr's colored troops participated. They behaved well, their leaders having difficulty in holding them back.

Gen. Young accompanied Capt. Parker's column and was under fire throughout the engagement. It is estimated that the enemy numbered between 300 and 400 men.

The insurgents have taken the aggressive in the neighborhood of the railroad. On Saturday night they successfully attacked San Luis, on the Rio Grande, near Calumpit, which is garrisoned by two companies of the 23d infantry. The Americans had one sergeant, killed and two privates wounded.

Sunday morning a similar affair took place at Gringua, four miles west of Malolos where another small garrison is stationed as a safeguard against a possible attack upon the railway. A special train took reinforcements to Malolos and Guiguinto, just north of Bulacan.

### SHIP CANAL FINISHED

PORT ARTHUR, Tex., Aug. 14.—The steamship St. Oswald, which was captured by the Japanese Navy, was returned to the Japanese Navy.

PORT ARTHUR, Tex., Aug. 14.—Port Arthur is now a seaport. The magnificent steamship St. Oswald, beautifully decorated with flags and streamers, entered the ship canal at 10 o'clock Sunday and anchored through the speed of eight knots an hour. She was royally welcomed by almost the entire population of the city. For two years past assertions have been freely made that the canal would never be finished, that it was not practicable and was only a town site. There is much rejoicing at the completion of the work.

Flower Men Meet.  
DETROIT, Mich., Aug. 14.—Many of the delegates arrived Sunday for the convention of the Society of American Florists and Ornamental Horticulturists, which is to be held this week. The feature of the convention is to be a floral and plant exhibition in Harmon hall where the sessions will be held.

German Celebration in Chicago.  
CHICAGO, Aug. 14.—One hundred thousand German-American citizens participated Sunday in the celebration incident to the opening of the fourth annual convention of the Kreigerverein and the twenty-fifth annual reunion in America of the Deutscher Kreigerverein.

### MAITRE LABORI

Capt. Dreyfus' Counsel Ambs had by Two Men and Shot—His Recovery is Doubtful.

RENNES, Aug. 14.—Two men ambushed Maitre Labori, counsel for Dreyfus, and one shot was fired, hitting Labori in the back. M. Labori fell in the roadway. He is still alive. Maitre Labori left his home alone for the court at about 6 o'clock Monday morning. His residence is situated in the suburbs of the town about a quarter of an hour's walk from the Lycee, the route being along a solitary road beside the river Vilaine.

He had reached a point half way on his journey when two men, who had evidently been lying in wait for him, rushed out of a narrow lane and one of them fired a single shot from a revolver. The murderers were only a couple of yards behind their victim and the bullet struck Maitre Labori in the back. The wounded man uttered an agonized cry and fell on his face. The murderer immediately fled through the lane from which they had emerged and both escaped.

At 7:30 o'clock it was announced that the bullet had entered the stomach; that there was no outward bleeding and that the physicians believe that M. Labori will die from the wound.

A later story has it that M. Labori was shot in the temple by a man who fired a revolver at him outside the court and that the miscreant was arrested.

Only two or three laborers going to work witnessed the shooting of Maitre Labori. The spot was well chosen, as the murderers could not be seen by M. Labori until they rushed out upon their victim, the entrance to the lane being hidden by bushes. Moreover they were afforded an easy means of escape by passing back through the lane, which led to the country.

### CHINESE COMING

Two Hundred and Fifty Men and Women Invited for the Chinese Village Feature, Philadelphia Exposition.

PHILADELPHIA, Aug. 14.—A special cablegram received Sunday by Yan Phou Lee from Hong Kong, stating that 250 Chinese men and women intended for the Chinese village feature of the national exposition, had sailed from that port on one of the steamers of the Nippon Yusen line for San Francisco, where it is expected they will arrive September 1. They will leave for Philadelphia as soon as the United States officials give them permission, arriving, it is thought, for the opening of the big show. The balance of the 450 originally intended for the Chinese village feature will sail in a few days on one of the steamers of the same line from Hong Kong.

Arriving in San Francisco each member of the contingent will be photographed by government officials, a thorough description taken, and a guarantee accepted from the exposition agents that each one of the Chinese will be returned in due time to that port.

The bringing over of these Celestials is allowed by special permission from the secretary of the treasury, given some months ago to the exposition management, which is he responsible for the return of each member of the party.

### DUEL TO THE DEATH.

Both of the Participants Are Dead—Eight or Nine Shots Were Fired From Forty-Five Caliber Revolvers.

DALLAS, Tex., Aug. 14.—A sensational duel to the death occurred here Sunday morning between Policeman A. P. Rawlins and Charles A. Daniels. Forty-five caliber single action six-shooters were the weapons, the distance three paces, and the principals are dead. Eight or nine shots were fired, and plate glass windows for a block around were shattered. Rawlins lived ten minutes and Daniels lived exactly an hour. The former was shot three times and the latter once.

Rawlins was under the influence of liquor at the time and a friend was trying to induce him to go home when Daniels crossed the street and sat down in front of a drugstore. Rawlins pointed his finger at Daniels and said: "There sits a cowardly—". Daniels was repeated before Daniels got up from his chair and approached. There was not a half dozen words spoken before the shooting began. Rawlins died in the street. Daniels staggered into the drugstore where he expired.

Robbery of a Mail Coach.  
DETROIT, Aug. 14.—Discovery of a bold robbery of a mail pouch en route from Chicago with northwestern mail for Canadian points was made Sunday afternoon by Grand Trunk railway porter. The pouch, with a quantity of opened letters, was found under a platform at the railroad station. The bag was stolen, it appears. Friday night when en route in a wagon from the Michigan Central to the Grand Trunk station.

New York Defeat Louisville.  
NEW YORK, Aug. 14.—The New Yorks and Louisvilles played off a postponed game at Weehawken, N. J., Sunday afternoon. The New Yorks won easily through a fall from a timely hitting. The score was New York, 9, 15, Louisville, 5, 5, L.

## IT IS DECREASING

The Hurricane, it is Thought, Will Spend Itself Before Going Much Further.

### THE MOVEMENT IS APPARENTLY SLOW.

At Jacksonville, Fla., Sunday the Velocity of the Wind Was But 22 Miles An Hour.

It is Believed by the Officials That the Time It Reaches Charleston, S. C., It Will Be No More Than an Ordinary Blow.

WASHINGTON, Aug. 14.—The West Indian hurricane appears to be gradually decreasing in strength and the chances are that it will spend itself before making much further progress. This was the verdict given out by the officials of the weather bureau Sunday night. It is based on the fact that there has not been any decided fall in the barometer in the localities that should feel its effects, and by the presence of an area of high pressure in the northern part of the United States, which tends to keep the storm from continuing its onward march.

The movement of the hurricane is apparently very slow and even at Jacksonville the velocity of the wind Sunday morning was but 22 miles an hour. The opinion of the officials is that the time Charleston is reached there will be no more than an ordinary blow. Wilmington, N. C., and Norfolk have taken down their hurricane signals.

### AN UP-TO-DATE VERSION.

Johnny Will Soon Be Beating His Bayonet into a Pruning Hook, and You Can Bet on His Getting the Political Prune Next Year.

The storm now appears to be on the east coast of Florida and the latest reports from Jupiter, dated at 4 o'clock Sunday morning, indicate a pretty severe blow at that place.

It is now south of Jacksonville, indicating a slow northward movement since Saturday night. The bureau has no wire reports south of Titusville, Fla., some distance below Jacksonville, since Saturday night and the arrest of M. Mariel-Libert, member of the chamber of deputies for Rambouillet and a high official of the League of Patriots, was incorrect. He is still at large. Out of 17 warrants issued, some 27 have been executed.

### THE RELIEF OF DERRY.

The Pro-erant celebration of the Anniversary at Londonderry Led to Riotous Scenes Sunday.

LONDONDERRY, Aug. 14.—The Pro-erant celebration of the anniversary of the relief of Derry, besieged by James II.'s army in 1689, led to riotous scenes here Sunday. An excursion party, composed of 400 members of a sports club, arrived from Belfast, but the police refused to allow the excursionists to enter the city. The appearance of a nationalist band to meet the party caused disorders and stone throwing. Both mobs attacked the police. Finally the riot was called and the mayor of Londonderry called out the garrison. Eight constables were seriously injured.

The rioting was renewed Sunday evening on the departure of the excursionists in the vicinity of the railway station. The police made repeated baton charges and several persons were injured.

### WARRANTS ISSUED.

M. Golefey, President of the Committee of the Jeuneuse Royale, and others were arrested—A Demonstration.

PARIS, Aug. 14.—Demonstrations occurred Sunday evening outside the offices of the anti-semitic league where Jules Guerin, president of the league and Max Reis, the former Jew baiting mayor of Algiers, against whom orders of arrest were issued Saturday on a charge of conspiring to bring about a change of government, are still besieged by the police.

Fifty anti-Semites took up a position in a restaurant opposite and M. Guerin hanged them from a window. Finally the police closed the thorough-

## MOTHER WAY.

This One Gives Twenty-eight Different Kinds of Lucky Stones.

There is another way of determining one's lucky stone than the well known way of taking the year, which corresponds to the month in which one was born.

The ancient Indians believed that each day was divided into four parts of six hours, each part being under the special protection of a certain planet.

Therefore, a person born between midnight and 6 a. m. on Monday should always wear an amethyst on the finger as a talisman and lucky stone; one born between the same hours on Tuesday should wear a Ruby.

Wednesday, a yellow diamond on Thursday, a turquoise on Friday, a sapphire on Saturday, an emerald, and on Sunday, a topaz.
